

Kashable partners with employers by offering resources to guide employees on their financial wellness journey.

We offer reliable and affordable support for employees where they need it most: access to low-cost credit, live financial coaching, credit monitoring, and saving accounts.

The Financial Wellness Journey

Why It Matters

70% of US adults live paycheck-to-paycheck.¹

47% of US adults are subprime.²

When financial hardships strike, they're left turning to:

- Title Loans
- 401(k) Loans
- Predatory Lenders

Kashable is an inclusive alternative to other lenders by providing lower costs than competitors across the credit and wage spectrum.
